## I. Welcome Message

On behalf of the organizing committee, it is my great honor and pleasure to warmly invite you to the **The 4th Korean International Semiconductor Conference & Exhibition on Manufacturing Technology (KISM 2025 BUSAN)**, which will be held at Paradise Hotel Busan (Haeundae Beach), Busan, Korea from November 10 to 14, 2025.

Since it was first held in 2022, KISM has grown into a prestigious international semiconductor conference, now celebrating its 4th conference in 2025. We are proud to continue offering a dynamic platform where researchers, industry leaders, and semiconductor experts from around the world come together to share groundbreaking ideas and advancements.

**KISM 2025 BUSAN** will serve as a key platform for researchers and scientists from industries, universities, and research institutes to exchange high-quality results and ideas. We encourage those involved in semiconductor manufacturing cutting-edge technology research and development to participate and benefit from this exceptional academic experience.

The conference will be held under the theme "**Re: Innovation of Semiconductor Manufacturing for AI Ecosystem**", featuring plenary talks from leading companies such as SK hynix and Samsung Electronics. It will also include special sessions on the Memory Technology Roadmap, tutorial sessions focused on AI & Semiconductor (Korean language lecture), and an authoritative academic program. Additionally, there will be exhibitions from major semiconductor companies and networking events.

I encourage you to present your latest research, engage with fellow researchers, and enrich your academic experience at **KISM 2025 BUSAN**.

I sincerely appreciate your participation and contributions in advance, and I look forward to welcoming you to Busan, Korea.

Best Regards,

**Jinsub Park, Ph.D., Professor**  
**General Chair of KISM 2025 BUSAN**

Department of Electronic Engineering  
College of Engineering  
Hanyang University, Korea
