

Prof. Min Ku Kim

(Hanyang University, Republic of Korea)

Min Ku Kim is an Assistant Professor in the School of Mechanical Engineering at Hanyang University, Seoul, South Korea. He received his B.S. in Electrical Engineering from the University of Illinois at Urbana-Champaign (2013), and his M.S. in Mechanical Engineering (2018) and Ph.D. in Biomedical Engineering (2021) from Purdue University. His research interests include health monitoring devices, stretchable electronics, embedded mechatronic systems, and sensors, as well as CMP processes and multi-modal sensors for CMP process monitoring.
