

Dr. Sang Hyun Ryu

(Dongjin Semichem Co., Ltd, Korea)

Mar. 2017 – Feb. 2019 : M.S. in Organometallic Chemistry, Sungkyunkwan University, Korea

Mar. 2019 – Feb. 2023 : Ph.D. in Organometallic Chemistry, Sungkyunkwan University, Korea

Mar. 2023 – Apr. 2024 : Postdoctoral Researcher, Sungkyunkwan University, Korea

- Research interests : Synthesis and surface functionalization of organic-inorganic hybrid nanoparticles

May. 2024 – Present : Researcher, Dongjin Semichem Co., Ltd.

- Research on Cu slurry, particle surface modification, and particle synthesis
